Non-Medical and Medical
In-Home Support Services

Founded and operated by an MD, Fountain Community Healthcare Services is the source of quality medical and non-medical in-home support services designed to meet a variety of needs, from large to small. We go the extra distance to ensure our clients receive the best possible care, whether we're helping to care for a loved one with Alzheimer's, assisting retirees with household chores, or providing private duty nursing for someone with a long-term medical condition.

All of our care professionals undergo a rigorous screening process, including

- Background and reference checks
- Initial and annual skills evaluations
- License and/or certification verification

Fountain Community Healthcare Services

SERVICES

Private Duty Nursing

Private duty nursing is the solution when you need skilled medical care at home. Among the services our nurses provide are:

- Skilled Observation and Assessment
- Wound Care
- Medication Administration
- Pillbox Setup
- Tube Feedings
- Ventilator Care
- Post and Prenatal Care for Moms

Home care is more affordable than facility care and enables individuals to live comfortably and independently at home.

Fountain Healthcare Services offers affordable rates and care plans customized to your needs. We accept:

- Private pay • Long-term care insurance

Personal Care

Age or disability can make it difficult for us to maintain the standards of living we once did. When you or your loved ones need hands-on support at home, our certified nursing assistants or personal care aides can assist with:

- Monitoring of Vital Signs
- Bathing, Grooming, and Dressing
- Toileting and Incontinence Care
- Medication Reminders

Homemaking Services

Our homemakers assist with routine household chores and can even help with heavier cleaning. Services include:

- Heavy cleaning, such as scrubbing bathtubs, washing windows and walls, cleaning carpets, and moving furniture
- Meal Preparation and Cleanup
- Vacuuming • Mopping • Sweeping
- Laundry • Changing Bed Linen
- Errands • Pet and Plant Care

Companion Services

Social interaction keeps us mentally, physically, and emotionally engaged, but as we are separated from our friends and families by time and distance, we may find ourselves alone. A trusted companion can make us feel more secure at home and enliven our days with:

- Stimulating Conversation
- Games • Crafts • Reading
- Escort to Appointments and Visits with Family and Friends

Transportation Assistance

Transportation can be an obstacle if you're not able to get about as you once did, keeping you from shopping and important medical appointments. Fountain Community Healthcare Services caregivers pick you up, drive you safely to your appointment or errand, help you from the car, and wait with you until everything is concluded.
